CONNECTING THE ELECTRIC MOBILITY ECOSYSTEM

The **9th edition of the India International EV Show (IIEV 2027)** returns to Pune as a dedicated business exhibition for electric vehicles, EV components, charging infrastructure and emerging e-mobility technologies.

Organised by **Futurex Group,** IIEV brings together vehicle manufacturers, component suppliers, technology developers, charging solution providers, engineering companies, distributors and stakeholders involved in the advancement of electric mobility.

As the mobility sector evolves, companies need access to new technologies, reliable suppliers, market intelligence and business relationships. IIEV is designed to facilitate these connections through face-to-face product discovery, supplier engagement and professional networking.

ACROSS THE EV VALUE CHAIN

- ELECTRIC VEHICLES
- POWERTRAINS
- COMPONENTS
- MANUFACTURING SOLUTIONS
- CHARGING
- SMART MOBILITY

WHY PUNE?

Pune and the Pimpri-Chinchwad industrial region have a strong ecosystem for automotive engineering and manufacturing. The location provides an ideal meeting point for EV businesses seeking connections with manufacturers, component suppliers, technology providers and buyers from Maharashtra and other markets.

ONE PLATFORM. MULTIPLE BUSINESS POSSIBILITIES.

IIEV connects the people, products and capabilities shaping electric mobility. Whether you manufacture, source, distribute, invest in, or use EV technology the exhibition provides a focused environment for industry engagement.

Discover New Technologies

Explore EV products, components, charging systems, electronics and solutions relevant to an evolving market.

Meet Industry Professionals

Engage with manufacturers, sourcing teams, distributors, fleet operators, engineers and business decision-makers.

Explore Commercial Opportunities

Identify potential suppliers, channel partners, technology collaborators and prospective customers.

Strengthen Industry Relationships

Connect with associations, institutions, research organisations and professionals across the mobility ecosystem.

Evaluate Technologies & Solutions

Compare solutions, assess applications and learn directly from technology providers and industry participants.

Expand Your Industry Network

Build relationships that may support future sourcing, distribution, manufacturing and business development.

WHO SHOULD EXHIBIT?

Manufacturers, suppliers, technology providers and service companies operating across the electric vehicle value chain are invited to showcase their solutions.

Electric Vehicles

Electric two-wheelers and three-wheelers; electric cars; electric buses and commercial EVs electric cargo vehicles; e-cycles and micro-mobility; special-purpose EVs.

EV Powertrains & Components

Electric motors and controllers; drive systems; inverters and converters; power electronics; wiring harnesses; connectors; braking and vehicle control systems.

Charging Infrastructure

AC and DC chargers; fast-charging systems; charging stations; charging connectors; charging management platforms; charge-point operations; swapping infrastructure.

EV Battery Integration

EV battery packs and assemblies; battery management systems; thermal management; on-board charging and vehicle energy management.

Smart Mobility & Digital Systems

Telematics; fleet technology; IoT and connected vehicles; embedded software; diagnostics; sensors; automation and digital mobility platforms.

Manufacturing & Engineering

EV assembly equipment; automation and robotics; tools and precision engineering; testing and validation; prototyping; design and retrofit solutions.

WHO WILL YOU MEET?

Meet manufacturers, suppliers, technology providers, buyers, fleet operators, investors and industry professionals from across the electric vehicle value chain.

Automotive & Manufacturing
EV manufacturers and OEMs; Tier 1/2/3 suppliers; automotive component manufacturers; production, plant, engineering, R&D and quality professionals.

Commercial Buyers & Distribution
Dealers, distributors, importers, exporters, procurement teams, purchase managers, traders, channel partners and business development leaders.

Charging & Infrastructure
Charging network operators; infrastructure developers; EPC contractors; system integrators; utility professionals; commercial property and infrastructure businesses.

Government & Public Sector
Government departments; public-sector undertakings; transport authorities; municipal and urban development bodies; institutional procurement teams.

Investment, Research & Innovation
Investors; financial institutions; entrepreneurs; startups; industry associations; research institutes; technical universities and consultants.

Fleet & Transport
Fleet owners; last-mile delivery providers; logistics companies; commercial transport operators; public and private mobility businesses.

WHY EXHIBIT AT IIEV?

Where Innovation Meets Business Opportunity
Connect with buyers, build industry partnerships and explore new opportunities across the EV ecosystem.

SHOWCASE

Highlight vehicles, components, charging solutions and emerging EV technologies.

CONNECT

Highlight vehicles, components, charging solutions and emerging EV technologies.

COLLABORATE

Explore opportunities with OEMs, suppliers, dealers and distributors.

GROW

Strengthen brand visibility, discover new markets and understand industry needs.

AN INDUSTRY-FOCUSED EXHIBITION EXPERIENCE

Explore the Electric Mobility Ecosystem
One exhibition. Multiple industries. Endless possibilities for meaningful connections.

VEHICLES & MOBILITY

Electric vehicles, applications and mobility solutions

TECHNOLOGY & COMPONENTS

Explore EV components, advanced technologies, powertrain systems and innovative mobility solutions.

BUSINESS ENGAGEMENT

Direct interaction with buyers and industry professionals

MANUFACTURING & SUPPLY CHAIN

OEMs, suppliers, production and distribution

INDUSTRY PARTICIPATION

Associations, institutions and stakeholders

INDUSTRY NETWORKING

Professional exchange and potential collaborations

About the Organiser

Futurex®
LET'S BUILD THE FUTURE TOGETHER

Futurex Trade Fair and Events Private Limited (Futurex Group) is a premier international trade exhibition and corporate events organizer headquartered in New Delhi, India, connecting industries, businesses, and global markets through specialized trade exhibitions and business networking platforms. Established in 2011, Futurex has successfully organized over 220 trade exhibitions and conferences across diverse sectors, including Building & Infrastructure, Mining, Agriculture, Wood & Woodworking, Power & Energy, Electric Vehicles, Garments, Education, Printing, and Plastics & Packaging. With a proven track record of bringing together over 16,500 exhibitors, 25,800+ global brands, and nearly one million business visitors, Futurex has established itself as a platform for international trade, industry collaboration, and business growth. With exhibition operations spanning India, Nepal, Bangladesh, Sri Lanka, Kenya, Uganda, and Tanzania, the group continues to strengthen cross-border business connections and expand its international exhibition portfolio. Supported by associations with leading industry bodies such as ASSOCHAM, CII, FIEO, and PHD Chamber of Commerce, Futurex Group also encompasses Futurex Studio, a specialized exhibition stand design and build company; Futurex Digital Marketing Agency (FDMA), a full-service digital marketing agency; and Futurex Healthcare, its expanding healthcare vertical. Driven by a commitment to innovation, professionalism, and delivering measurable business value, Futurex Group continues to create impactful exhibition experiences, foster strategic partnerships, and unlock new opportunities for businesses worldwide.
